Objective

Experienced React Native Developer with a proven track record in mobile app development from concept to launch. Expert in JavaScript, Firebase, state management, and API integrations. Developed seven popular apps on the App Store, attracting thousands of monthly sessions and high user ratings. Committed to delivering intuitive and robust mobile solutions, I am ready to contribute to innovative projects at a leading company.

Skills

React.js, Next.js, React Native, JavaScript (ES6+), Firebase, Redux, React Hooks, API integration, Git/version control, Testing frameworks (Jest), Debugging and troubleshooting, Cross-platform development, XCode, Android Studio, UI/UX design principles, & Full Stack Wordpress Development

Experience

WEB & APP DEVELOPER | MESSENGER INTRNATIONAL | 8/2023 - CURRENT

Developed, Managed, & Debugged 10+ Company Websites. Worked with Designers, and Project Managers as the sole developer of React Native Application using firebase and textmagic for authentication, and database management for a fundraiser used by hundreds of high level / high net wealth investors.

WEB & APP DEVELOPER | JUBILEE | 3/2021 - 3/2023

Designed, Developed, Managed, Tested, & Debugged Website & App. Designed, & Developed React Native Application using firebase to replace existing app to provide additional customization and scalability for 3000 weekly users.

FRONTEND DEVELOPER (REACT) | NOVA | 1/2023 - 3/2023

Developed, tested, and delivered the React front end for an AI startup, collaborating with an agile team. Contributed to the creation of a robust and user-friendly application utilized by numerous software engineers. Demonstrated expertise in React development, implementing agile methodologies, and ensuring high-quality deliverables (figma). Committed to delivering exceptional user experiences and remaining proactive in staying abreast of emerging industry trends.

REACT NATIVE DEVELOPER | ALUMNI MAPS | 1/2022 - 1/2023

Led the design, development, and testing of a cutting-edge React Native application for an internationally renowned Ministry School (BSSM). Collaborated closely with an agile team to create a seamless and intuitive user experience. Demonstrated expertise in React Native development, leveraging the latest technologies and best practices. Ensured the successful delivery of a high-quality mobile app that met the unique needs of the Ministry School. Committed to continuous improvement and staying at the forefront of mobile development trends

WEB & APP DEVELOPER | CALEB SMITH APPS | 6/2020 - Current

As a React Native and React developer, I had the opportunity to design, develop, and deliver impactful iOS applications, including Worship Pads Pro, Setlist Genius, Lesson Pro Guitar, and more. These experiences allowed me to leverage multiple high-level React Native libraries, such as In-App Purchases, Notifications, and Firebase. With over 3,000 church downloads, Worship Pads Pro made a significant weekly impact on an audience of 300,000+. Additionally, I had the privilege of collaborating with multiple clients, utilizing my skills to meet their web and app development needs. Throughout these endeavors, my focus on intuitive user experiences and engaging interfaces consistently yielded exceptional results.
